

Boiled Water Is a Graveyard! Filtered Water Is a Gay Deceiver! Distilled Water Is Purity!

SAFETY FIRST!

Especially as to What Goes Into the Stomach

READ THIS, THEN CONSIDER

Put sugared tea through a filter and the sweet comes through. Put salt water through a filter and it comes through salt. Put either of these in a distiller and the sugar and salt and all other like substances, dangerous or otherwise, will not pass into steam, but remain behind. Nothing but *Pure Water* coming out.

It Is With DISTILLED WATER the
O-K Distilled Soda Water Co.

lays the foundation for pure fruit flavors, and makes
The Purest Drink Known to Science

(Organic matter which can easily pass a filter, will change extracts and cause fermentation)

6,369,970 Bottles of Soda Water Sold in this City Last Year
and every one *not* made from *Distilled Water*
could contain **LIVE ORGANIC MATTER**

We evaporate every drop of water used for the making of soda water in the most exact hygienic manner. All organic impurities are left behind as the vapor rises, and all foul and impure gases are extracted before the vapor condenses.

Nothing could be purer in the way of water for drinking

But Making Pure Soda Water is Not all of It! What about the Returned Bottles?

Our soaking machine, used to clean returned bottles, is the latest and most sanitary in use today. No other machine is more perfect or complete.
